

Expanding Universal Childcare (97 words)

WHEREAS our platform recognizes that childcare costs impose a significant burden on low and middle income Wisconsin families; and

WHEREAS lack of access to childcare reduces the educational and economic opportunity of all people, especially women, low income households, and people of color; and

WHEREAS access to affordable, accessible, high quality early childhood care and education is one of the most effective ways to improve long-term educational and societal outcomes;

THEREFORE RESOLVED that the DPW supports legislation that expands access to affordable childcare that meets the needs of all families, at all times, and in all areas.
