

Comprehensive Dental Care Reform

Whereas, 79 million Americans don't have dental coverage,

Whereas, people can't pay for the cost of dental care, even with dental insurance,

Whereas, necessary dental procedures, such as dental implants, are not covered by dental insurance,

Whereas, people who don't have access to dental care are at increased risk of diseases like cancer, heart disease, stroke and diabetes,

Whereas unhealthy looking teeth can create unnecessary barriers,

Be it resolved that the Democratic Party of Dane County supports dental reform legislation at both the state and federal level.
